No 676 of 1882 Survey Superintendents Office
Bangalore 14th November 1882

To,
The Secretary to the Dewan
of Mysore.
Sir,

I have the honor to make
the following remarks upon
the effect, in the Revenue Survey
and Settlement ^{Dept^{rs}} of Order No 98
of the 31st August last by
the Dewan to His Highness
the Maha Raja of Mysore,
which lays down the terms
on which Native Un-
-covenanted Officers now
serving in Mysore can
retain their claims to their
service

service under the British Government as regards their pensions.

2 I attach a list showing the Unconvenanted Officers of the Revenue Survey Department who will be affected. The total monthly contribution by these Officers under Rule IV of the Order in question will come roughly to about Rupees 20, or less. The arrears from the time of the Rendition will amount, roughly, to about Rupees 460. In
the

the case of European Officers
of the Revenue Survey Depart-
-ment the Mysore State
has agreed to make good
the whole of the said contri-
-bution, it becomes therefore
a question whether under
somewhat similar circum-
-stances, the Native Un-
-covenanted Officers of the
Department should not
also have the whole of
their contribution made
good for them. The amount
concerned is so small that,
while

while comparatively heavy
for the Officers concerned,
especially when paid up
in arrears from the date
of the Rendition, it would
be a very small charge
on the State. Several
Officers, it will be observed,
should the order be enforced,
will probably take the
benefit of Rule 5 of the
Order. I beg that orders
may be passed on this
question to admit of
early submission of
applications

applications to the Comptroller, if necessary.

I have the honor to be
Sir,

Your most obed^t. Serv^t.

From the Secretary to the Government of India. To the Resident in Mysore,—Foreign Department—Finance—Circular No. 863 G., dated Simla, the 29th September 1882.

Sir,

Adverting to Dewan's Proceedings No 2332 dated 14 January 1883 I have the honor to note in the margin the amount of contributions paid by the two officials referred to therein, and to state that under rule 15 clause (b) section 9, page 8 of the Civil Pension Code, 6<sup>th</sup> Edition there is no chance of the contributions being refunded. The services of the men in question are as noted in the margin and as their British service is very small, the bulk of the pension charges will fall on the Mysore Government and it is perhaps not worth our while to pay the contribution merely for the sake of charging the British Government with the proportionate pension for the period during which contribution is paid.

With reference to the concluding portion of the above letter, the Comptroller is requested to state why he considers that the pensions in the case of the two officials referred to, ~~to~~ have to be shared by the Bombay & Mysore Govts according to the Rule of proportion - It is understood that the pension charges of officials who contribute under the Civil Pension Code are

Sir,

I have the honor to request  
the favor of your opinion as to  
the allotment of the share of  
pension chargeable to the revenue  
of British India and Mysore  
respectively in the case of  
Native Officers who were trans-  
ferred from service under the  
Government of Madras to that  
of Mysore before the rendition  
viz 25<sup>th</sup> March 1881 and who  
are required to pay the prescribed  
Contribution for pension from  
and after that date

I will take as an example  
the case of an officer Mysore

J. R. A.

J. R. A. Thumboo Betty, one among several cases, who  
served in cbandras <sup>95-96</sup> 7-10 - " drawing pay at various rates -  
during that period amounting to Rupees — 9319-  
In cbandras up to 24<sup>th</sup> cbandras 1881-<sup>95-96</sup> 14-2 drawing 104,909-  
During the next 3 years ending 24<sup>th</sup> March 1884 he  
will complete 25<sup>th</sup> years service, he will draw in  
his present post the pay of which is Rs: 1200 per mensem 43200-  
157.428-

Having completed 25 years service the officer will be  
eligible for an Invalid or a Compensation pension of Rupees  
5000/ a year. Should he continue in service for 5 years  
longer he will be entitled to a Retiring Pension of  
same amount having meanwhile drawn, at the same  
rate in his present post Rupees  $14400 \times 5 = 72000/$

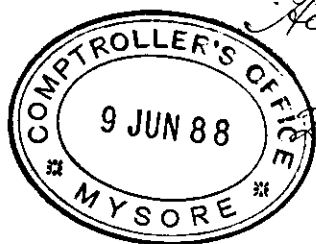

According to Section 79 of the Civil Pension  
Code as amended 14<sup>th</sup> October 1881 Pension for service  
paid wholly or partly in cbandras up to 25<sup>th</sup> March 1881  
is chargeable to cbandras wholly or partly according to the  
rule of proportions from that date the officer or the cbandras  
government on his behalf pays the prescribed contribu-  
-tion viz Rs: 136 per mensem up to 9<sup>th</sup> June 1882 and Rs: 100  
per mensem thereafter and the question arises, what return  
does the contribution secure.

Sir

In reply to your letter No 1986 dated the 10<sup>th</sup> Instant, enquiring what allotment should be made of the share of pension chargeable to the Revenues of British India and Mysore respectively in the case of the Native Officers who were transferred from Service under the Government of Madras to that of Mysore before the rendition, viz 25<sup>th</sup> March 1881 and who are required to pay the prescribed Contribution for pension from and after that date; I have the honor to state that any Service rendered after the rendition will

will be regarded for this purpose as  
Strictly British service, the prescribed  
Contribution having been paid for it,  
and the proportionate amount of  
pension due for such service will  
therefore be a charge against the  
British Government and not against  
the Mysore Government. In the case  
of Mr. T. R. A. Thimboochetti  
quoted by you, he will on completing  
25 years active service be entitled  
to an invalid pension of Rs 5000  
a year and this pension will be  
chargeable to the British and the  
Mysore Government respectively  
in the proportion which the total  
salary drawn during the pensionable  
service rendered under the British  
Government (including service in  
Mysore after the rendition) bears to the  
total salary drawn during the  
pensionable service rendered in the  
Mysore State before the rendition.  
Accepting your own statement

as to aggregate salary as correct,  
the amount of pension chargeable  
in this case to Elphinstone would be

No. 93.—The Government of India in their order dated 14th December 1881 decided that the Native Uncovenanted Officers whose services had been from time to time obtained in Mysore from the British Service should, in the event of their desiring to retain their claim to their service under the British Government as regards their pensions, pay to that Government from the date of the Rendition the contribution on their salary prescribed by the rules.

2. The Comptroller is requested on the application of the officers concerned to arrange for the collection from their salaries and payment to the British Government of the prescribed amount of contribution in each case commencing from the date of Rendition.

3. The contribution as regards pension, excluding leave allowances which will continue to be paid by the Local Government, will up to 10th June 1882 be Rs. 12½\*

This is according to Resolution No. 1622, dated 10th June 1882, but the contribution of 12 per cent required by the Pension Code to secure a pension on 88 per cent of the salary would require to be raised to 13  $\frac{1}{4}$ th per cent on the salary to secure the pension on the full amount of the salary.

per cent on the monthly salary drawn by the officers subject to a maximum of Rs. 136 per month, and subsequent to 10th June 1882 it will be  $\frac{1}{4}$ th of the salary with a maximum of Rs. 100 per month.

4. As the officers concerned entered the Mysore Service unconditionally and on their own interests sharing in the prospects and promotions afforded by that service, His Highness' Government does not consider itself called upon to reimburse them for the contribution which they undertake to pay in order to secure their claims to past service under the British Government but having regard to the fact that such contribution relieves the Mysore State of the proportion of the pension payable by it for the years on account of which the contribution is made, His Highness' Government will not object to make good in such cases one-half of the amount of the contribution which the Comptroller is authorized to pay from the revenues of the State levying from the officers concerned only the remaining half.

5. Where the eligible service of the officers under the British Government is short and they have yet to serve long in Mysore to entitle them to a pension, it may be felt as a hardship by the officers, and it will be equally inconvenient to the Government to continue the contribution over such long periods. As some compensation in these cases to the officers desiring to relinquish the benefit of the British Service, the Mysore Government will undertake to allow one-half of any such eligible British Service to count as service rendered in the Mysore State up to a limit of 3 years.

These orders do not apply to Uncovenanted British officers entering the Mysore Service after the Rendition, as their employment if they are to retain their lien on the British Government for pension, can only be secured under special engagements with that Government, but they will be given effect to as regards all Uncovenanted officers who entered the Mysore Service before the Rendition, whether they are Natives or European British subjects, excepting only European British officers lent to Mysore under the orders of the Government of India and whose retention up to 30th September 1882 has been specially authorized.

By Order,  
R. VIJAYINDRA RAO,  
Secretary.

No. 1622.

RESOLUTION.—By the Government of India, Department of Finance and Commerce.

Read—

Despatch from the Secretary of State for India, No. 288, dated 15th September 1881, in which, with reference to the case of Mr. C. E. S. Steele, a Revenue Deputy Collector in the Sind Commission, who was for some time employed under the Government of the Transvaal, the Secretary of State has decided that Mr. Steele cannot be relieved from the usual deduction of one-fifth of his salary under the Transvaal State as contribution to the Government of India towards pension. In this Despatch the Secretary of State desires the Government of India to consider whether the rate of contribution required to be made by officers lent for service under Foreign Governments is not unnecessarily high, and whether it might not be diminished.

RESOLUTION.—Under the Rules in Chapter III of the Civil Pension Code, an Officer of the British Government transferred to Foreign Service is required to pay to the Government of India a contribution out of the salary which he receives while in Foreign Service to meet the cost of his pension and leave allowances exclusive of allowances while on privilege leave. "Foreign Service" includes service under a Native State, Municipality, Port Trust, Court of Wards, or other Body financially independent of the Government of India. It also includes service which is paid for from a Local Fund under such circumstances that it does not qualify for pension and leave under the Rules in the Civil Pension and Leave Codes. The rate of contribution is fixed at 20 per cent of the gross salary which the Officer receives in Foreign Service, the calculation of his pension and leave allowances being made upon 4-5ths of such salary. The contribution is thus equal to 25 per cent of the net pay upon which the Officer's pension and leave allowances are calculated. This rate applies to all Officers, whether Military Officers, Covenanted Civil Servants, or Uncovenanted Officers; but it is specially provided in the case of a Native of India, who is not a Covenanted Civil Servant, that, by resigning all claims to leave allowances from the Government of India in respect of his Foreign Service, he may contribute for pension only.

2. The present rules also provide for the payment of contribution by an Officer whose services are lent for other than Imperial purposes, either in England or in a British Colony or to a Foreign State; but, except as regards service under the Egyptian Government, the precise amount of contribution in this case is not fixed. The contribution in each case is determined by the Government of India, as occasion arises, the maximum contribution, however, being 20 per cent of the salary received in such Foreign Service.

3. The contribution of 25 per cent on net pay referred to above includes about 12½ per cent on account of pension. The Governor General in Council has no reason to suppose that the rate of contribution for pension has been fixed at an unduly high figure in the case of Covenanted Civil Servants. The contribution on account of allowances while on leave is, however, unduly high, and consequently the general rate of 25 per cent on net pay is capable of reduction to some extent in the case of all Officers. Statistics recently compiled show that the average percentage of Officers of the Covenanted Civil Service on leave other than privilege leave is 14.38. In the case of Uncovenanted Officers, the percentage is still less. On this consideration, and also in view of the present arrangements for the extension of local self-government, in connection with which the Government of India is desirous of facilitating in every reasonable way the lending of Officers to Local Bodies without forfeiture of pensionary rights by the Officers, the Governor General in Council is of opinion that the contribution for pension and leave required to be paid to the Government of India by an Officer of the British Government, who is transferred either to "Foreign Service" as defined in page vii of the "Definitions" preceding the Codes of the Financial Department, or whose services are lent for other than Imperial purposes, either in England, or in a British colony or to a Foreign State, shall in future be made—

- (a) if the Officer be a Covenanted Civil Servant,—at the rate of 16⅔ per cent (one-sixth on the) gross salary which he receives from his foreign employers.
- (b) in the case of all other Officers,—at the rate of 14 per cent (one-seventh) on the gross salary which the Officer receives from his foreign employers: provided always that the contribution from an Uncovenanted Officer shall in no case exceed Rs. 166⅔ a month.

Where a higher rate of contribution is now paid, the rate shall, for the future, be reduced as above; but it must be understood that in all such cases the gross salary will now be readjusted in such manner as to leave the Officer the same net salary which he at present receives.

4. The payment of contributions at the rates now fixed will entitle the Officer to receive from the Government of India, at the proper time, pension and leave allowances (except allowances during privilege leave) in respect of the period of his employment in Foreign Service, &c.; the calculation of pension and leave allowances will be made upon the balance of the salary which remains to the Officer after payment of the prescribed contribution.

5. A Native of India, not being a Covenanted Civil Servant, may, by resigning all claims to allowances from the British Government during leave in respect to the period of his employment in Foreign Service, &c., contribute for pension only. In such case the contribution shall be one-eleventh of the salary which he receives from his foreign employers, and shall not exceed Rs. 100 a month.

6. These Rules are not intended to interfere with the cases of Officers which are specially provided for in Section 10 of the Civil Pension Code (a) to (f). Nor does His Excellency in Council think, by reason of the foregoing change in the rate of contribution in the case of Superior Officers, that any change is necessary in respect of inferior servants, whose case is provided for by Rule 4 under Section 8 of the Civil Pension Code.

Ordered, that this Resolution be communicated to the several Departments of the Government of India; the several Local Governments; the Comptroller General, and all Accountants General.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read the following papers regarding the question whether Municipalities may not be properly held liable to bear a share of pensions or gratuities granted for service partly paid from Municipal and partly from Government Funds:—

 Letter from Chief Commissioner, British Burmah, No. 6171-38, dated 6th September 1881.  
 Letter from Resident, Hyderabad, No. 409, dated 26th October 1881.  
 Letter from Government, Bombay, No. 3600, dated 29th October 1881.

RESOLUTION.—The question which requires to be dealt with in connection with the papers read above refers to service rendered by an Officer partly under a Municipality and partly under Government at the same time. The case of a Government Officer lent to a Municipality who desires to retain his lien on Government service and his right to pension, is already provided for in the Rules in Chapter III of the Civil Pension Code.

2. The Governor General in Council observes that there are at present no rules under which the service of an Officer who is paid at the same time partly from Municipal funds and partly from Government funds, qualifies for pension and leave. And there is a difficulty in making such rules without change in the law, so as to empower Municipal Boards to pay pensions and leave allowances out of the funds at their disposal.

3. The measures about to be taken in furtherance of the recent policy of Government regarding local self Government, will lead to the necessity of Municipalities availing themselves of the services of Government Officers to a greater extent than is now the case; but while the existing rules, modified as in Resolution No. 1622 of 10th June 1882, will cover the cases of all Officers whose services are wholly lent to Municipalities, Officers of Government who devote only a part of their time to the performance of municipal duties will be at a disadvantage by reason of their pay in the service of Municipalities not being, under the present rules, taken into account in determining their pension and leave allowances.

4. The Governor General in Council requests accordingly that where the existing law makes no provision for payment, by Municipalities of pensions, gratuities and leave allowances of Officers paid partly from Municipal funds and partly from Government funds at the same time, Local Governments will take early measures with a view to legislation being resorted to for removing any difficulties which may be found to exist. If an Officer is paid partly from Municipal Funds and partly from the General Revenues, it would seem reasonable that the Officer should pay to Government a contribution on the portion of his salary which is drawn from Municipal Funds calculated according to the rules in Chapter III of the Civil Pension Code, and in that case Government would be responsible for the whole of his pension and for his allowances while on leave other than privilege leave.

ORDERED, that this Resolution be communicated to the Home Department for the issue of necessary instructions to all Local Governments.

D. M. BARBOUR,  
 Offg. Secy. to the Govt. of India.

CIVIL PENSION CODE:

*Section 7.*

*Substitute the following for the first sentence of the Section :—*

"The Rules in Sections 8 and 9 apply to Officers transferred on or after the 14th October 1871 from qualifying service to Foreign service, and, as regards the rates of contribution, have effect from the 10th June 1882."

*Section 8 (a).*

*Substitute the following for the Section :—*

8. (a) From every Officer transferred in the manner specified in Section 7. who does not wholly resign the service of the British Government, or who is not, for recorded special and public reasons, exempted from the operation of the Rules in this Chapter a contribution is levied as follows :—

(A) In the case of a Covenanted-Civil-Servant at the rate of 16 per cent (one-sixth) on the gross salary which he receives from his Foreign employers :

(B) In the case of any other Officer :—at the rate of 14 per cent (one-seventh) on the gross salary which he receives from his Foreign employers : provided always that the contribution from an Uncovenanted Officer shall in no case exceed Rs. 166 a month,

that is to say, the Officer receives from his Foreign employers salary fixed in accordance with the Rules of the Public Service for the appointment which he holds or in which he officiates, and, retaining five-sixths or six-sevenths accordingly as he is an Officer of Class (A) or (B) pays one-sixth or one-seventh, as the case may be, to the Government of India.

*Page 4.*

*Section 8 (b).*

*Substitute "five-sixths or six-sevenths, as the case may be," for "four-fifths."*

*Rule 2.*

*Substitute "five-sixths or six-sevenths, as the case may be, for "four-fifths."*

*Rule 3*

*Substitute the following for the Rule :—*

3. A Native of India not being a Covenanted-Civil-Servant may, by resigning all claims to allowances from the British Government during leave in respect to the period of his employment in Foreign service, contribute for pension only. In such case the contribution shall be one-eleventh of the gross salary which he receives from his Foreign employers, and shall not exceed Rs. 100 a month ; and the pension will be calculated upon the balance of salary which remains to him after the deduction.

*Substitute the following for the Rule and the Example under it :—*

13. The deduction made under this Section from the salary of a Covenanted Civil Servant includes the deduction made on account of his annuity. His gross salary when transferred to Foreign service should therefore be one-fifth greater than the net salary which it is intended that he should retain for himself after paying the ordinary contribution of 4 per cent, towards the cost of his annuity.

*Example.*—The salary of A. B., a Covenanted Civil Servant, is Rs. 1,000; from this he pays Rs. 40 towards cost of his annuity and retains Rs. 960 for himself. If transferred to Foreign service his gross salary will be Rs. 1,102. The contribution payable to the British Government is Rs. 192.

*Substitute the following for the 1st sentence of the Rule :—*

"The salary of an Officer appointed to act for an Officer on Foreign service shall be calculated as if the pay of an Officer on such service were the net amount which remains to him after making his contribution; one fifth in the case of a Covenanted Civil Servant, one-sixth in the case of any other Officer (if he contributes for both leave and pension), or  $6\frac{2}{3}$  per cent in the case of an Inferior Servant, being added to the total sum thus calculated."

*Substitute the following for the Examples :—*

- (1) A. B., a Covenanted Civil Servant, receiving a pay of Rs. 500 from the British Government, officiates in an appointment in Foreign service, the gross pay of which is Rs. 1,200. Deducting the sum contributed for leave and pension, the net pay of the appointment is, therefore, Rs. 1,000. A. B.'s salary is—

|                                                   | Rs.               |

| Acting allowance $\frac{2}{3}$ (1,000—500)        | 333               |
| Salary                                            | 833 $\frac{1}{3}$ |
| Add (to be contributed to the British Government) | 166 $\frac{2}{3}$ |
| Gross Salary                                      | 1,000             |

- (2) A. C., an Uncovenanted Officer, receiving a pay of Rs. 350 from the British Government, officiates in an appointment in Foreign service, the gross pay of which is Rs. 1,166. Deducting the sum contributed for leave and pension, the net pay of the appointment is, therefore, Rs. 1,000. A. C.'s salary is—

|                                                                 | Rs.               |
|-----------------------------------------------------------------|-------------------|
| Pay                                                             | 350               |
| Acting Allowance, $\frac{1}{3}$ of 1,000                        | 200               |
| Salary                                                          | 550               |
| Add $\frac{1}{6}$ (to be contributed to the British Government) | 91 $\frac{2}{3}$  |
| Gross Salary                                                    | 641 $\frac{2}{3}$ |

- (3) A. D., an inferior servant, receiving a pay of Rs. 8 from the British Government, officiates in an office in Foreign service, the gross pay of which is Rs. 10—10—8. Deducting the sum contributed for pension, the net pay of the appointment is, therefore, Rs. 10. A. D.'s salary is—

|                                           | Rs. | A. | P. |
|-------------------------------------------|-----|----|----|
| Pay                                       | 6   | 0  | 0  |
| Acting Allowance, $\frac{1}{5}$ of Rs. 10 | 2   | 0  | 0  |

|                                                                            |              |     |   |   |   |

|                                                                            | Gross Salary | ... | 8 | 8 | 6 |

- (4) A. E., an Uncovenanted Officer, receiving a gross pay of Rs. 700 in Foreign service, and contributing for both leave and pension, is appointed to officiate in another office in Foreign service, the gross pay of which is Rs. 1,166 $\frac{2}{3}$ . A. E.'s salary is—

|                                                                 |              |     |                   |

Sir,

In reply to your No.  $\frac{4151}{305}$  of the 28<sup>th</sup> ultimo, I beg to state that there is no provision for a refund of the payments that had been made towards contribution for a British pension. In fact the provisions on the subject imply quite the contrary. A reference to the Accountant General Madras will therefore be of no avail. If at all the Resident should be asked, and he will have to submit the question for the orders of the Government of India.

Before we take any steps in this direction, it is desirable to consider, whether we can adduce a satisfactory reason for proposing a change and requesting a refund of the amount paid. If however it is resolved to discontinue the contribution and to accept liability

liability to pay pension for the period  
for which contribution was paid to  
secure a British pension, no refer-  
ence to the Resident is necessary.

*Proceedings of the Government of His Highness the Maharaja of Mysore,  
(Financial),—dated 14th May 1892.*

READ THE FOLLOWING:—

Letter No. 949—675-7, dated 23rd March 1892, from the 1st Assistant to the Resident in Mysore.

The question of the application of the new or the old rates of contribution for pension to the officials of the Bombay Presidency employed in the Revenue Survey Department of the Mysore State has engaged the attention of Government for some time past and I am now directed to communicate the following instructions of the Government of India:—

(a). The contribution of the officers in question should be fixed, and their pension sanctioned by the Government of Bombay.

(b). As regards the incidence of the cost of the pensions, the pensions would under the rules now in force be divided between the Bombay Government (for the early service before transfer to Mysore), the Mysore State (for the service in Mysore prior to October 1882), and the Government of India (for the service from October 1882). From 1st April 1892, however, the orders requiring division of the charge between Imperial and Bombay Provincial revenues will cease to have force; and the portion of the pensions payable from British Indian revenues will from that date be borne by the Provincial revenues of the Province in which the pensions are paid.

2. The Government of Bombay have directed that the contribution of the six officials named in the margin should be levied at the new rates on the net salaries drawn by them on the date on which the new foreign service rules came into force, and that the increases of salaries given in any case since that date should not count towards pension. I am to request that the necessary instructions may be issued to the Comptroller of Mysore for the payment of the contribution in accordance with the above instructions in communication with the Accountant General at Madras.

1. Balaji Malhar Naik.
2. Channabasappa bin Basavappa Khundape.
3. Linga Malhar Naik.
4. Linga Sivaji Joshi.
5. Ramachandra Narayan Satavalli.
6. Ramchandra Krishna Belgaum.

No. 2571-2—16, DATED BANGALORE, 14TH MAY 1892. *u. /*

ORDER THEREON.—Communicated to the Superintendent, Revenue Survey, and Comptroller in Mysore for information and guidance.

2. With reference to para 2 of the Assistant Resident's letter, the Comptroller is requested to arrange for the payment of the contribution on behalf of the six Survey officials named therein at the new rates on the net salaries drawn by them on 7th January 1889, the date on which the new foreign service rules came into force, *vide*, Article 810 (a) of the Civil Service Regulations.

I shall of course  
stop the pay, (increased)  
of them men in the  
mean time

Yours very truly

Mr. Mackay did not enter  
the increased pay in the  
statement which accompanied  
my letter No 497 of 2<sup>d</sup> Feb<sup>y</sup>  
because, as he says, he thought  
it was not sanctioned.

although my doubts were  
afterwards removed  
whether, under Govt.  
Proceedings No 2571-2  
16  
of 14<sup>th</sup> May 1892 based  
on article 50 & 611 of the  
British India Service  
Regulations, the previous  
sanction of the Bombay  
Govt was necessary.  
There is no doubt  
that I should not  
have allowed the  
increased pay to be  
given. I shall take  
care nothing of the  
kind occurs again  
and all that can  
be done now is
